

## High Quality Hospital Grade Surgical Imaging Tables with Free Floating or Motorized Capabilities

The STILLE Medstone surgical imaging tables contribute to enhancing efficiency in the OR while representing an affordable solution with quality and reliability provided by Swedish technology.

### STILLE Medstone3 CV

#### Technical Specifications for Standard Configuration

- 36" (91,5 cm) longitudinal floating travel
- 8" (20 cm) lateral floating travel
- Carbon fiber table top 24"x82" (61x208 cm)
- 3D imaging length 32" (82 cm)
- Motorized height adjustment 26.25"-42.25" (67 cm-107 cm)  
Optional 24.2"-36" (61.5 cm-91.5 cm)
- Weight capacity 500lb (227 kg)
- 230Vac, 6A, 50 Hz with 230Vac configuration line cord
- Four hospital grade locking casters
- Float control unit with magnetic locking release (side rail mounted)
- Mattress 2" (5 cm) with set of 3 patient straps
- Foot control and hand control
- Removable catheter tray

### Shortening Procedure Times and Enhancing OR Efficiency

STILLE has the longest published longitudinal float for mobile surgical imaging tables. The Medstone3 CV table with free floating capabilities allows for head to toe imaging with accuracy, speed and freedom of movements to improve efficiency in the OR.

### STILLE Medstone3 CV Surgical Imaging Table

- Free floating top (industry leading longitudinal float range)
- Motorized elevation
- Patient weight capacity 500lb (227 kg)
- Carbon fiber table top with less than 0.04" (1mm) Aluminum Equivalence
- Four hospital grade locking casters
- Float control unit with magnetic locking release

Model	Medstone3 CV	Medstone3 CV	Medstone5 CV
Part number	500-1025	500-1024	500-1002
Table top	24"x82" (61x208cm)	24"x82" (61x208cm)	22"x82" (56x208cm)
Height adjustment	26.25"-42.25" (67-107cm)	24.2"-36" (61.5-91.5cm)	26"-38" (66-96cm)
Trendelenburg	x	x	± 15°
Lateral tilt	x	x	± 15°
Longitudinal travel	36" (91.5cm) free floating	36" (91.5cm) free floating	15.75" (40cm) motorized
Lateral travel	8" (20cm) free floating	8" (20cm) free floating	8" (20cm) motorized
Infectious control covers	x	x	✓
Accessory Package	B	B	A

Specification tolerance: ±1°, ±.5" (1.27 cm)

A= Table pad, wired hand control

B= Same as A plus foot control, float control unit, 3 patient straps and removable catheter tray

Part number	Description
500-1024 / 500 1025	STILLE Medstone3 CV surgical imaging table with 11¼ or 15 ¾" (300/ 400 mm) elevation range and free float
500-1002	STILLE Medstone5 CV surgical imaging table with 11 ¾" (300 mm) elevation range and motorized movements
505-1118	Carbon fiber fistula arm board with pad for imaging and injection
505-1117	Patient arm board with pad (mounted directly on the table top)
505-1116	Radiation protection shield
505-1119	Accessory table clamp with 5.9" (15 cm) rail to attach float control unit to head end of table
505-1121	2 accessory clamps with rail to attach catheter tray to head end of table

## STILLE Medstone | Cardiovascular

# STILLE – Surgical perfection since 1841

STILLE is one of the oldest medical device companies in the world founded at Karolinska University Hospital in Sweden back in 1841. At STILLE, we develop, produce and sell high-quality surgical instruments and surgical imaging tables to physicians worldwide.

STILLE's offering consists of a strong brand and products renowned for their superior quality. We manage our business in two distinct business areas—Surgical Instruments and Surgical imaging tables.

### Surgical instruments

In our Surgical Instruments business area, we have a complete offering of handcrafted, forged instrumentation for all fields of open surgery, with a special emphasis on cardiovascular surgery, and reconstructive and aesthetic plastic surgery. Our instruments feature delicate design, industry-leading durability and a unique feel, which has made STILLE a well-known and highly respected supplier by surgeons throughout the world.

### Surgical imaging tables

In our Surgical imaging tables business area, we offer specialty tables for minimally invasive procedures, with pricing, safety and features optimized for both in- and outpatient settings. The STILLE imagiQ2 surgical imaging table has the highest translucency in the world, and is optimized for advanced mobile Hybrid OR settings as well as peripheral and interventional procedures, enhancing crystal imaging while reducing radiation exposure as well as increasing efficiency in the OR.

The STILLE Medstone line of surgical imaging tables range from floating to fully motorized tables for vascular, electrophysiology, gastro (ERCP), pain management and urology to suit your needs, with reliability and optimal performance at an affordable cost at the highest standards of Swedish technology.
