Raybow XE

Raybow XE

X-ray mobile system

Raybow XE provides state-of-the-art technology and innovation. Design has been centered from the start on User and Patient needs, delivering great improvements in power, reliability, image quality and ergonomics.

Power

Constant potential HV generator in a monobloc, power ranging from 20 to 50 kW for shorter exposure times and greater accuracy and consistency.

See

Telescopic column provides complete visibility when driving and outstanding accessibility to any area, with no efforts.

Grab&Go

New capacitive handlebar for immediate and safe response, Just grab the handlebar and Raybow XE is ready to go.

Reach

Thanks to the revolutionary motor assistance, Raybow XE can be moved effortlessly to reach any point-of-care.

No limits

Incredibly long-lasting batteries, for unparalleled covered distance (up to 25 km)

Raybow XE

Extended accessibility

Thanks to the collapsible column, the telescopic arm, and wide rotation, Raybow XE grants complete reach to any position.

Rotation around arm axis

Rotation orthogonal to arm axis

Omnidirectional movements

Collimator rotation

Raybow XE

Point-of-care imaging, redefined

Raybow XE is the cutting-edge of the digital Radiographic Mobile Systems to transform delivered care.

- Telescopic collapsible column provides complete visibility during driving and easy access to any area.
- The effortless manoeuvrability and positioning for a faster and optimized workflow.
- The most innovative technology used in the High Frequency X-ray generator gives a high constant output power.
- Perfect diagnostic quality is granted by the high-end wireless detectors and imaging software.

Automatic detector charging bay.

Storage capacity for 3 detectors and 2 batteries at the front.

Led strip with changing colors to show the state of the system.

Separate sets of batteries, one for motors and one for exposures.

Raybow XE

Extend your choice

Raybow XE is available also in a simpler version, granting same high standard and allowing tailored-made solutions for every needs.

Raybow XE

Anytime, Anywhere

Global Support

Primax International provide technical support for its products throughout their useful life, wherever they may be used.

Remote Support

Modularity is native to the Raybow XE, making remote support as easy as can be, whether you need to perform efficiency tests, software upgrades or maintenance.

Local Support

Technical training courses are regularly provided in the facilities of the group. They enable service engineers to install and service our range of equipment.
